

How do you support children and families transitioning to Pre-K or Kindergarten?

Moving to Pre-Kindergarten and *Moving to Kindergarten* folders are designed to help early childhood professionals learn about the children entering their Pre-K or Kindergarten programs. We encourage all early childhood educators to consider utilizing these tools as a resource to support children and their families during this period of change. Teachers have found success guiding parents to answer only the questions they like on the inside of the folder but EVERYTHING on the back.
