

Family Guide to NYS Early Childhood Services

NEW
YORK
STATE

Council on Children
and Families

Hello! From the NYS Council on Children and Families

Who are we?

The **NYS Council on Children and Families (CCF)** is a state agency that helps to coordinate child- and family-serving systems to provide easier access to high quality services and supports for New York's children and families.

CCF created the NYS Parent Portal (www.nysparenting.org) as a one-stop, digital resource for information on parenting, child care options, information on child development, how to talk and work with your child's teachers, and much more to support your child and family! **Check out the following resources in the portal:**

Every Student Present

Learn about ways to support your child's school attendance, and how to boost your child's confidence, keep your child on track with school work, and protect your child from bullies.

Help Hub

Access helpful health, education, human services, and disability information on one user-friendly website. Built for youth, parents, family members, and caregivers who rely on support from multiple child- and family-serving agencies and systems.

NYS Child Care and After School Care Locator

Locate information on child care, after school programs, and parent support (home visiting) program in one easy-to-access location. Interactive maps allow you to choose type of care and location parameters.

NYS Parent Guide

This is your Guide, the story of the first five years of your parenting journey. Whether you are the mother or father (through birth, adoption, or foster care), a grandparent, partner, family friend, aunt or uncle with parenting responsibilities, what you say and do in your role as a parent matters.

Talk, Read, Sing

Access education materials for parents and other caregivers to enrich your child's early language experiences.

How to use this folder:

The Family Guide to NYS Early Childhood Services (this guide) is a folder and a resource. This is a resource guide for families to connect and link children to early childhood services in New York State. Now formatted as a folder, it can be a dedicated space to store important documents. We hope you find the information contained within helpful on your journey as a family. Follow us on FB and Instagram @nysccf to keep up to date on best practices and strategies around children and family services.

NYS Services and Resources

Prenatal through Age 5

Child Care | ocfs.ny.gov or nysparenting.org

Find child care programs and information on the Child Care Assistance Program to help pay for all or part of child care costs.

QUALITYstarsNY (QSNY) | qualitystarsny.org

QSNY rates early care and education programs on a 5-star rating scale.

Home Visiting | nysparenting.org

Home visitors help families by supporting them after welcoming a new baby. Family support may be provided on safe sleep, breastfeeding, or connecting to mental health services.

Head Start | bit.ly/headstartprograms

Head Start and Early Head Start are free to eligible families. Programs offer full-day learning, health, mental health, family well-being services, and more.

NY Connects | Call **1.800.342.9871**

Learn more about supports for all ages.

Infants to Age 3

Early Intervention | bit.ly/earlyinterventionnys

Support for infants and toddlers with disabilities or developmental delays. Services may include speech therapy, physical therapy, family counseling and more.

Age 3 through Age 5

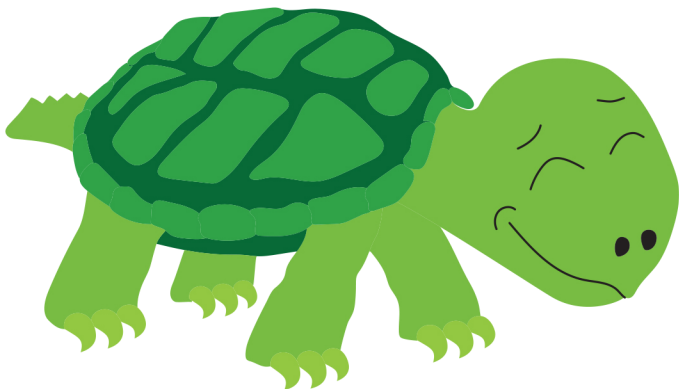

State-Funded Prekindergarten

bit.ly/earlylearningnys

Programs offer early learning at your local school district or in your community.

Preschool Special Education | bit.ly/specialednys
