

Report Name	Category	Description
<b>Child Demographic Report</b>	Analysis	This report displays demographic information for children that have not been discharged and that have an active classroom assignment.
<b>Child Discharge Details Report</b>	Analysis	This report displays information about children that have been discharged from the program(s) included in the report. It also includes information about why the children have been discharged.
<b>Child Inactivity Report</b>	Analysis	This report shows inactive children that haven't been updated in over a year as of the point in time selected.
<b>Invalid Forms Report</b>	Analysis	This report displays invalid forms for programs and the reason that the forms are invalid.
<b>Login History Report</b>	Analysis	Login History for all users
<b>Tracking Report</b>	Analysis	A tracking report for programs that displays the types of forms submitted into PIDS, the number of forms submitted, and when the forms were submitted.
<b>ASQ:SE Score Type Percentage Report</b>	ASQ:SE	This report displays the percentage of the total number of ASQ:SE screenings for each score type by month.
<b>ASQ:SE Trend Report</b>	ASQ:SE	This report is designed to track changes to the ASQ:SE score types for active children. This is accomplished by displaying a line chart with the score type for each ASQ:SE that has been recorded for each child.
<b>BIR Children/Classroom Total Incidents Report</b>	BIR	This report displays information about the total number of Behavior Incident Reports that have occurred within a certain timeframe. The report can be used to focus on classroom or child analysis in addition to a day-to-day analysis of total incidents.
<b>BIR Equity Profiles Report</b>	BIR	This report displays information about BIR equity and can be used to analyze incident frequency, suspensions, and dismissals. Also, the analysis can be grouped by child demographics such as race, ethnicity, and gender to give a more detailed understanding of the data.

<b>BIR Item Detail Report</b>	BIR	This report displays information about BIRs in the context of the problem behaviors, activities, others involved, possible motivations, strategy responses, and admin follow-ups that were selected on the BIRs.
<b>BIR Program Summary Report</b>	BIR	This report displays summary information for BIRs. This summary information includes totals, averages, and percentages for the BIRs. It also includes total, average, and percentage information for the children that have BIRs.
<b>BIR Summary Report</b>	BIR	This report displays information about the Behavior Incident Reports (BIRs) that have occurred within a certain timeframe. It includes information like the total number of incidents grouped by day of the week, total number of incidents grouped by hour of the day, and more. The report can optionally focus on classroom or child analysis to make it more concise.
<b>Benchmarks of Quality Change Report</b>	BOQ	This report displays the changes in indicator status for the most recent 5 Benchmarks of Quality 2.0 forms across time.
<b>Benchmarks of Quality FCC Change Report</b>	BOQ	This report displays the changes in indicator status for the most recent 5 Benchmarks of Quality FCC forms across time.
<b>Benchmarks of Quality FCC Trend Report</b>	BOQ	This report displays details about critical elements for each Benchmarks of Quality FCC form in the reporting window. A graph of average ratings for each critical element over time is also displayed.
<b>Benchmarks of Quality Trend Report</b>	BOQ	This report counts of ratings of critical elements for each Benchmark of Quality in the reporting window for the selected programs. A graph of average ratings for each critical element over time is also displayed.
<b>Community-Wide BOQ Change Report</b>	BOQ	This report displays the changes in indicator status for the most recent 5 State Leadership Team Benchmarks of Quality forms across time.
<b>Community-Wide BOQ Trend Report</b>	BOQ	This report is designed to help states monitor their progress in implementing the Community-Wide Benchmarks of Quality.

<b>State Leadership Team BOQ Change Report</b>	BOQ	This report displays the changes in indicator status for the most recent 5 State Leadership Team Benchmarks of Quality forms across time.
<b>State Leadership Team BOQ Trend Report</b>	BOQ	This report is designed to help states monitor their progress in implementing the State Leadership Team Benchmarks of Quality.
<b>CCL Counts Report</b>	Coaching Log	This report calculates the total number of "Yes" responses for each item in the coaching log for all coaching logs entered within the specified dates for the specified programs.
<b>CCL Duration Report</b>	Coaching Log	This report calculates the total count and duration of coaching logs for a given period of time for the selected Programs, Coaches, or Teachers.
<b>CCL Trend Report</b>	Coaching Log	This report displays changes in Coaching Log items over time via a chart and details section.
<b>ASQ:SE Data Export Report</b>	Data Export	This report exports details about ASQ:SE records to an Excel file.
<b>BIR Data Export Report</b>	Data Export	This report exports details about BIR records to an Excel file.
<b>Child Data Export Report</b>	Data Export	This report exports details about child records to an Excel file. This also includes child notes, child status records, and child classroom assignments.
<b>Classroom Data Export Report</b>	Data Export	This report exports details about classroom records to an Excel file.
<b>Community Leadership Team Data Export Report</b>	Data Export	A data export report that exports all the information on the Community Leadership Team dashboard.
<b>State Leadership Team Data Export Report</b>	Data Export	This report exports all the information on the State Leadership Team dashboard. It also includes the Community Agency Types from the Community Leadership Team dashboard since those agency types are managed by the state.
<b>Employee Data Export Report</b>	Data Export	This report exports details about employee records to an Excel file. This also includes trainings, job functions, and classroom assignments.
<b>BOQ Data Export Report</b>	Data Export	This report exports details about BOQ records to an Excel file.

<b>BOQ FCC Data Export Report</b>	Data Export	This report exports details about family child care BOQ records to an Excel file.
<b>Master Cadre Data Export Report</b>	Data Export	This report exports all the Program information on the Leadership Coach Dashboard.
<b>Leadership Coach Program Data Export Report</b>	Data Export	This report exports all the Program information on the Leadership Coach Dashboard.
<b>Leadership Coach Hub Data Export Report</b>	Data Export	This report exports all the Hub information on the Leadership Coach Dashboard.
<b>Leadership Coach Coaching Circle Data Export Report</b>	Data Export	This report exports all the Coaching Circle information on the Leadership Coach Dashboard.
<b>Cohort, Hub, and Program Data Export</b>	Data Export	A data export report that exports all the cohorts, hubs, and programs for the selected state(s).
<b>Classroom Coaching Log Data Export</b>	Data Export	This report exports details about Classroom Coach Log records to an Excel file.
<b>Other Social Emotional Screening Data Export Report</b>	Data Export	This report exports details about Other Social Emotional Screening records to an Excel file.
<b>TPOT Data Export Report</b>	Data Export	This report exports details about TPOT records to an Excel file.
<b>TPITOS Data Export Report</b>	Data Export	This report exports details about TPITOS records to an Excel file.
<b>TPITOS Change Report</b>	TPITOS	This report calculates the year-to-year differences of the frequency of 'Yes' responses for all TPITOS indicators.
<b>TPITOS Indicator Counts Report</b>	TPITOS	This report calculates the percentage of 'Yes' counts for each indicator on the valid TPITOS forms completed within the dates specified for the programs or classrooms specified.
<b>TPITOS Red Flag Counts Report</b>	TPITOS	This report displays the number of times that each TPITOS red flag was observed between the selected start and end dates.
<b>TPITOS Red Flag Trend Report</b>	TPITOS	This report shows changes in TPITOS red flags over time by displaying the percentage of red flags observed in a chart and displaying the number of times each red flag was observed during a time period in a details section.

<b>TPITOS Trend Report</b>	TPITOS	This report displays changes in the TPITOS items over time via a chart and details section.
<b>TPOT Change Report</b>	TPOT	This report calculates the year-to-year differences of the frequency of 'Yes' responses for all TPOT indicators.
<b>TPOT Indicator Counts Report</b>	TPOT	This report calculates the percentage of 'Yes' counts for each indicator on valid TPOT forms completed within the dates specified for the programs or classrooms specified.
<b>TPOT Red Flag Counts Report</b>	TPOT	This report displays the number of times that each TPOT red flag was observed between the selected start and end dates.
<b>TPOT Red Flag Trend Report</b>	TPOT	This report shows trends in TPOT red flags over time by displaying the percentage of red flags observed in a chart and displaying the number of times each red flag was observed during a time period in a details section.
<b>TPOT Trend Report</b>	TPOT	This report displays changes in the TPOT items over time via a chart and details section.
<b>Completed Trainings Report</b>	Training	This report displays counts of the trainings completed between the selected start and end dates. It also shows the employees that completed the trainings.
<b>Employee Training Report</b>	Training	This report is designed to help track the number of active employees that have done each training module.
